Sunlit Windows, Private Terrace - Now This Feels Like Home

Superbly crafted and finished, this outstanding 2 bedroom apartment sits perfectly on level 5, showcasing northern city views and surrounding areas, and only weeks away from completion.

It's Brisbane's best-kept secret, located just around the corner from Stones Corner, with its array of hip cafes, shops and conveniences. A short walk to the South Eastern busway will have you to the CBD in next to no time.

The aesthetic of the charcoal grey exterior that wraps around the building is continued throughout each apartment in small accents and finishes.

Enjoy a living room with generous sunlit windows and sliders that open onto your private terrace. High ceilings, luxurious flooring, soft grey, warm timber accents and white walls
